What is your main takeaway from today's session?

Everyone knows about stopping the job for safety, they should start it with health.

Great sharing of knowledge and lots of learnings

Great support available

Extra knowledge on legislation, products and limitations of some equipment

Refreshing talking about an important occupational health and hygiene issue via Step Change in Safety. Would be great to see more sessions like this.

Feedback around the tight fitting RPE and requirements for clean shaven policies and adequate enforcement. Valuable networking and other feedback from operators as well as contracting companies.

Need to ensure that we refresh personnel awareness BUT we also need to work as an industry to stop using training providers who allow ERT Training for folk who are not clean shaven.

The amount of contribution from all, great feedback from attendees

Poll responses
